GPPAC Internship - Survey of Local Peacebuilding Organisations

Starting date	30 March 2020
Duration	4 months (4 days a week)
Location	GPPAC Foundation in The Hague, the Netherlands
Deadline	8 March 2020

Please note that the position is unpaid. We will provide EUR 170 per month to cover expenses.

About GPPAC

The GPPAC Foundation is a non-governmental organisation that promotes conflict prevention and peacebuilding strategies and supports and connects people working for peace worldwide. It is the Global Secretariat of the Global Partnership for the Prevention of Armed Conflict (GPPAC), a network of civil society organisations working in this field. For more, see www.gppac.net

We facilitate connections between network members for learning and knowledge exchange, and we work to make sure that the voices of local civil society organisations are heard in national and international policy arenas.

GPPAC seeks to build a new international consensus on the way in which we approach violent conflict, calling for a fundamental change: a shift from reaction to prevention.

About the GPPAC Internship Programme

Interns are invaluable to GPPAC, as they support our programmes with a great deal of enthusiasm and dedication. In turn, we aim to provide our interns with a useful learning experience for professional development. In addition to on-the-job learning about the programmes they intern with, interns will gain an overview of the workings of our organisation and network as a whole. We also provide a series of short workshops over the duration of the internship, on topics ranging from the theoretical (how to analyse a conflict) to the practical (how to develop a project budget). Each intern, together with their supervisor, sets personal learning goals, which are monitored throughout the internship.

Member research internship

Our Regional Team supports the work of GPPAC members around the world. This year, we will be undertaking a major survey and analysis of the 200+ local peace organisations that make up the GPPAC network. This research will map their areas of expertise, their needs, and how GPPAC can better support their work. The intern will support the collection and analysis of the data, and help formulate conclusions and recommendations for the GPPAC Global Secretariat and regional networks.

Additionally, our member organisations in Uganda will be conducting a review of progress on the implementation of Sustainable Development Goal 16 on peaceful and inclusive societies. The intern will work from The Hague to support Global Secretariat staff and members in Uganda to develop this progress review.

Tasks

The tasks of the internship will include, amongst others

Survey and SDG review

- Distribute a survey to GPPAC members.
- Monitor completion of surveys and follow up with members who have not yet completed it.
- Aggregation and analysis of survey results.
- Support development of the survey report, conclusions and recommendations.
- Work with GPPAC staff and members in developing a SDG 16+ country progress review for Uganda, including proofreading, checking sources, and editing of progress reviews and related
